SWEETWARE

2026

Welcome to our world of delightful brand messages

Dear business partners,

Welcome to the sweetest world of brand communication! In a time when attention is more precious than ever, we help you convey your messages with taste, creativity and personality. Whether for trade fairs, events, customer promotions or as a high-quality promotional gift – with our customizable confectionery, your brand becomes a moment of pleasure.

For more than 25 years, our family business has stood for quality, variety and tailor-made solutions 'Made in Germany'. Our product range extends from classic fruit gums and fine chocolate produced in our in-house chocolaterie to sweets, dextrose, peppermints and savoury snacks.

In 2026, you can once again expect many exciting new products and popular best-sellers – e.g. creative packaging ideas and exclusive special editions.

We are particularly proud of our successful cooperation with HARIBO, enabling us to offer popular classics in individually printed promotional packaging – perfect for presenting your brand in a friendly and memorable way. In addition, we offer a wide selection of premium products from Leibniz, Bahlsen, Lorenz and many other brand partners.

Have fun discovering and designing!

HARIBO

The classic with recognition value

Discover the sweet highlights from your childhood in a new way: Goldbears, frogs or cola bottles can be packaged in customizable promotional bags. Take advantage of the opportunity to associate your brand with the recognition and reputation of HARIBO and leave a positive impression on your customers.

HARIBO 12

Fruity treats with great variety

Colourful, fruity and full of good cheer – our diverse range of fruit gummies add joy to any advertising message and put a smile on your face. Vegan, organic, sour or spicy: these little highlights attract a lot of attention in their customizable packaging and leave a lasting impression in terms of both taste and brand.

Fruit gums 61

Sweet, salty, savoury, spicy – a flavour for every occasion

Sweet coffee cookies, salty pretzels or savoury rice crackers – our diverse selection of snacks not only tastes great, but also leaves a lasting impression as a promotional gift. Whether at meetings, as giveaways or at trade fairs: these treats create enjoyable brand moments.

Snacks 101

Chocolate: Fine confectionery meets creative packaging

Whether as an elegant gift, a pleasant mailing or a high-quality giveaway: these sweet presents leave an impression. Pralines, chocolate bars or chocolate beans – ideal for arousing emotions and delightfully presenting brand messages.

Chocolate 121

Refreshing, sweet and sparkling – small moments with big impact

Fruity chewy dragees, fizzy sweets or tingling dextrose – these personalized power packs bring a breeze of fresh air to any advertising concept. Ideal for trade fairs, meetings or as giveaways: they awaken the senses and leave a refreshing impression of your brand.

Peppermint, Dextrose, Sherbet 75

Tins: As versatile as your advertising message

Handy, sustainable and customizable – our tin packaging is more than just a container; it is a stylish brand ambassador with added value and a wide range of filling options. Whether on your desk, on the go or as a long-lasting giveaway, this attractive packaging ensures lasting visibility for your advertising message.

Tins 137

Sweet brand ambassadors for special moments

Sweet, colourful and fruity – our sweets and lollipops are timeless classics with a special advertising effect. As proven brand ambassadors for young and old alike, they attract attention and remain in the memory for a long time.

The customizable packaging ensures that your brand message is spread far and wide.

Sweets & lollies 93

Special highlights, that defy categorisation

Unusual, handy and surprisingly different – our specials offer innovative moments of enjoyment with a real wow factor. Whether as an energy-packed refreshment with Bolero Energy, a savoury snack with the Nacho Box or a wholesome meal with organic ToGo Meals: these products put your brand in the spotlight in an original and sustainable way.

Organic certification

Our company is annually controlled and certified by the German inspection body DE-ÖKO-007. The regulations do also include the control and the labelling of organic products.

This prevents the improper use of terms such as "organic" and therefore ensures the customer's trust in organic products.

Climate-neutral production possible! - Climate Partner -

Cocoa Horizons – The fair chocolate

Our chocolate products such as advent calendars, naps and hollow body figures are made from Belgian Callebaut raw chocolate. They are produced in our in-house chocolate factory.

By purchasing these products you'll support the Cocoa Horizons program which helps cacao farmers and their community in the producing countries such as Ghana and the Ivory Coast.

Further information is available at
[https://www.callebaut.com/en-GB/sustainable](http://www.callebaut.com/en-GB/sustainable)

FSSC 22000 Certificate

With this certificate we emphasize our demand of sticking to the highest regulations of food processing.

The FSSC 22000 certificate is a worldwide acknowledged proof for a comprehensive management system of food safety.

FSSC 22000 is based on ISO standards, is acknowledged by the Global Food Safety Initiative (GFSI) and highly accepted.

The eco-friendly alternative – compostable foil

We offer you the possibility to advertise eco-friendly:

- Eco-friendly packaging alternatives
- Sustainability
- Certified by EU regulation EN13432
- Certified by American regulation ASTM D6400
- Production same as with standard foil

Our sustainable paper foil

The environmentally friendly packaging brings many advantages

Our commitment to the environment is reflected in our innovative packaging solution – paper foil. This environmentally friendly packaging type offers numerous advantages that not only protect the environment, but also offer economic and ecological benefits.

Our paper foil is recyclable in the paper recycling process and is made from renewable raw materials. This environmentally friendly paper helps to minimize the environmental impact of packaging

and significantly reduce the consumption of fossil raw materials. Furthermore, this also leads to a reduction of carbon dioxide emissions compared to conventional materials.

By choosing paper foil, you do not only support the environment but also benefit from the economic and ecological advantages. Together we can shape a sustainable future.

Products that are packaged in this foil are e.g. the organic crunchy edges, rice pastries and Leibniz Minis, which are also available as a gluten and lactose-free version. The paper foil can also be used for other bag products. Please ask us about this.

Advices for a better understanding

Our team is always pleased to answer your questions about our products, artwork, digital data and conditions.

We like to respond all our customer's inquiries, so we're asking you to please be patient if you experience any waiting time during a phone call to us.

Print template

Please request our templates and place your layout on it. The templates are coordinated with our printing machines and packaging technique on a scale of 1:1. Please put in your artwork with a vector program.

We recommend Adobe Illustrator in order to prevent compatibility problems. Define your choice of colours for full tone print using Pantone C or HKS K, for 4-c Euroscale in CMYK. Then you put in your picture in 300 dpi, on a scale of 1:1 (as TIFF, PSD or JPEG).

Important: Please vectorize all text or send us the font case in order to enable a system spanning workflow. Please create your artwork on the level in the client area and save your data as either PDF X-4 or higher, AI or EPS. The levels should stay. Send us your artwork via email or FTP. Once we receive your data we will set up your print approval including all the following information: size of product, colour used, ingredients manufacturer details or "manufactured for", and best before date.

We will email you this proof as a PDF. Please look over all text and shelf life carefully. Should you find any errors or want to make any changes, we will take care of that immediately and then send you a new print approval. When you are satisfied, please sign the print approval and send it back to us. The imprimatur is an obligatory component of your order. Long correction times may delay the date of delivery.

Colors

Each printing method is done with either HKS- or Pantone colours. When using full tone colours, please always specify your choice of colours in either Pantone C or HKS K. Print results can differ depending on printing material.

We work with translucent colours. When printed on clear foil or tins (except white tins), the colors differ considerably from the color guides. Therefore we recommend a white background print. Our technical advisors will gladly answer your questions.

Printing methods

Flexo printing for promotional bags

Misregisters are possible due to the printing method. Additionally, you may see thin white lines on the seams of the bags where the printing plates meet. Grid pattern size from 36 – 48 L/cm, depending on the motif.

Pad printing for all tins and boxes

Misregisters are possible due to printing method. When printing on not-white tins, there will be colour variations and we therefore suggest a white base or a double print (either is considered as an additional print colour). Slight scratches and irregularities are material-dependent. Grid pattern size from 60 L/cm, depending on the motif.

Digital printing

Here, we exclusively use 4-c Euroscale. Pantone colours are simulated using the CMYK model, so they resemble the colour sheets as much as possible. Misregisters do not occur. The partial translucent CMYK colours do not have a covering effect and therefore the colour on non-white tins can differ. Furthermore there can be a slight visibility of stripes such as scratches and unevenness. If necessary we will check in advance if the artwork can be printed on our product.

Manufacturer details

According to the **European Union Regulation No. 178/2002** for the improvement of food safety, all products must be provided with an information of the producer. This information is not an advertising measurement, it only serves for information purposes and for the compliance of statutory provisions. The reseller or respectively the end customer will decide which address will be used on the product or the packaging. If there should be no information at all, the producer's address will be used.

The declaration according to food law will be written in the country-specific language as determined by the European regulation no. 1169/2011. If the client requires a declaration in another language we can not guarantee the marketability of the product.

In order to meet the demands of the German packaging Act and to free our clients from the duty of informing the responsible packaging register, we print the note "produced by LUCID no. DE3846331446078" on every reporting packaging. With this labelling, Sweetware is considered as reporting producer. The corresponding packaging will be reported to the „Duales System“ and the packaging register by Sweetware.

Order confirmation

After your print release has been issued, you will receive your order confirmation, including all of the following details: product description, quantity and price, date of delivery, as well as any special agreements. For mutual security and in order to avoid misunderstanding we confirm agreed upon conditions, delivery time and technical guidelines in writing.

Quantities

It is not always possible to print the exact quantity ordered therefore personalised goods may be subject to 10% over or under run. For non standard productions this can even be 15%.

Minimum shelf life

The date indicated on our products is only valid if they are stored in an environment that is cool, dry and protected from light. Especially avoid variation in temperature on chocolate products, because in case of that there could build up a greasy white covering. It is advisable to consume our fruit gum products within 6 months to guarantee the best quality.

Perishable food

Food is non-returnable. Please check our goods immediately after receipt and issue a complaint right way. We cannot admit any delayed complaints. As soon as goods leave our house they are no longer under our control and we, therefore, cannot assume any responsibility for quality and food regulation.

Delivery date

Delivery dates are indicated on your order confirmation. Dates and commitments are scheduled with freight forwarder of our choice. We cannot be held responsible for delivery delays caused by that company, the customs, or any higher power.

Samples

Samples will in general be charged. These charges can be cleared with the invoice of the resulting order. This is going to be checked by Sweetware.

Sweetware has got the copyright and the intellectual property on all sent samples to the customer. These rights exist, even if the samples are paid of the customer.

The customer is committed to payment, if he places his order somewhere else, after he received the samples from Sweetware.

Sweetware reserves the right to assert injunctive relief claims.

Damages

Please report damages immediately. Mark those caused by the forwarding agency on the consignment note and have the carrier confirm them right away. If possible, take a picture of the damage. Photos are always a welcome proof. You cannot assert damaged pallets as freight damage, if they are not marked on the consignment note.

Complaints

Please document the incident with an adequate quantity of damaged products for complaints regarding either print, manufacturing or food. Food should be stored properly: cool and dry. Should you, nevertheless, have a reason for a complaint, please contact us within 14 days of the delivery of our goods. The best before date is indicated on each product or on the packaging unit.

Our products are packaged by weight or quantity. Variations of quantity per packaging unit are dependent on the packaging machines and the product itself. The total quantity is exact, recorded and equal to the ordered amount. Should you find irregularities in quantity per packaging unit, please check the total quantity.

Price fixing

Due to the current market situation, we reserve the right to adjust prices accordingly at short notice.

Terms of business

Our regular terms of business apply in addition to all the information provided above. (If they are not attached, you may request them.)

We wish you success with your advertisement.
